Condições oferecidas	<p>The Calzedonia Group, founded in Italy in 1986 by Sandro Veronesi, is a vibrant, multi-faceted organization. Thirty years of business have seen constant, solid growth in terms of turnover and expansion, the creation of successful products and brands, the establishment of an international fashion retail presence and an involvement in a growing number of sectors. The Calzedonia Group handles the entire life cycle of a product internally, from creation and production, up to worldwide distribution. The collections are sold exclusively within the more than 5.000 directly owned or franchised single-label stores under the brands Calzedonia, Intimissimi, Intimissimi Uomo, Tezenis, Falconeri, Signorvino and Atelier Emè, present in the best locations more than 55 different countries around the globe.</p> <p>Are you interested in joining Calzedonia Group and develop an international career in its Operations world? Are you looking for a challenging professional opportunity in a dynamic and successful organization?</p> <p>Calzedonia Group, in partnership with Modatex the Portuguese textile training centre of excellence, offers you to join its Operations team through a structured plan that includes both theoretical and practical training.</p> <p>The first part of the program will be organised as follows:</p> <ul style="list-style-type: none"> -One month of induction in Verona, at Calzedonia Group HQ, to get familiarity with the main internal processes and organizational structures; -One month of training in one of our Production Plants in Serbia, to experience the daily Operations life and work activities; -One month at Modatex school in Porto to consolidate with theoretical and practical lessons what already seen in Italy and Serbia. <p>The second part of the program consists in a specific project work assigned on the basis of your ambitions, availability and attitude, in one of the Group's Production Plants in Serbia, Bulgaria, Croatia, Bosnia, Tunisia or Sri Lanka, being daily tutored by an experienced Manager of the Group who will support you facilitating your learning process.</p> <p>The goal for Calzedonia Group is to let you quickly gain Operations knowledge and skills and access an international professional path full of interesting and challenging responsibilities.</p> <p>Your career could then proceed in the Productive Plants of the Group present in Europe,</p>
